NOTES AND ORDERS

For Dkt. No. 209, the parties jointly advise that Finjan declined to produce valuation documents for each of the patents-in-suit on the basis of privilege. Consequently, in response to the Court's proposal, Finjan has elected to produce the valuation documents on the privilege log in lieu of foregoing damages claims at trial. Finjan will produce the documents by February 17, 2023. No further discovery is permitted.
